

APPENDIX F: MYTHOLOGY TRADING CARDS ACTIVITY

OPTIONAL

LEVEL 1

Print and cut out the cards. For each God or Goddess you read about create a card by drawing their picture and filling in their stats until you have a full deck. Use the back of each card to write any extra information you find interesting. Then, you can laminate them, if you wish. Share with family and friends, develop your own games, or display your favorites. You can even create your own mythological family tree project.
